

EllePower Website

EllePower She Is Power

Team Members: Rory Hackney

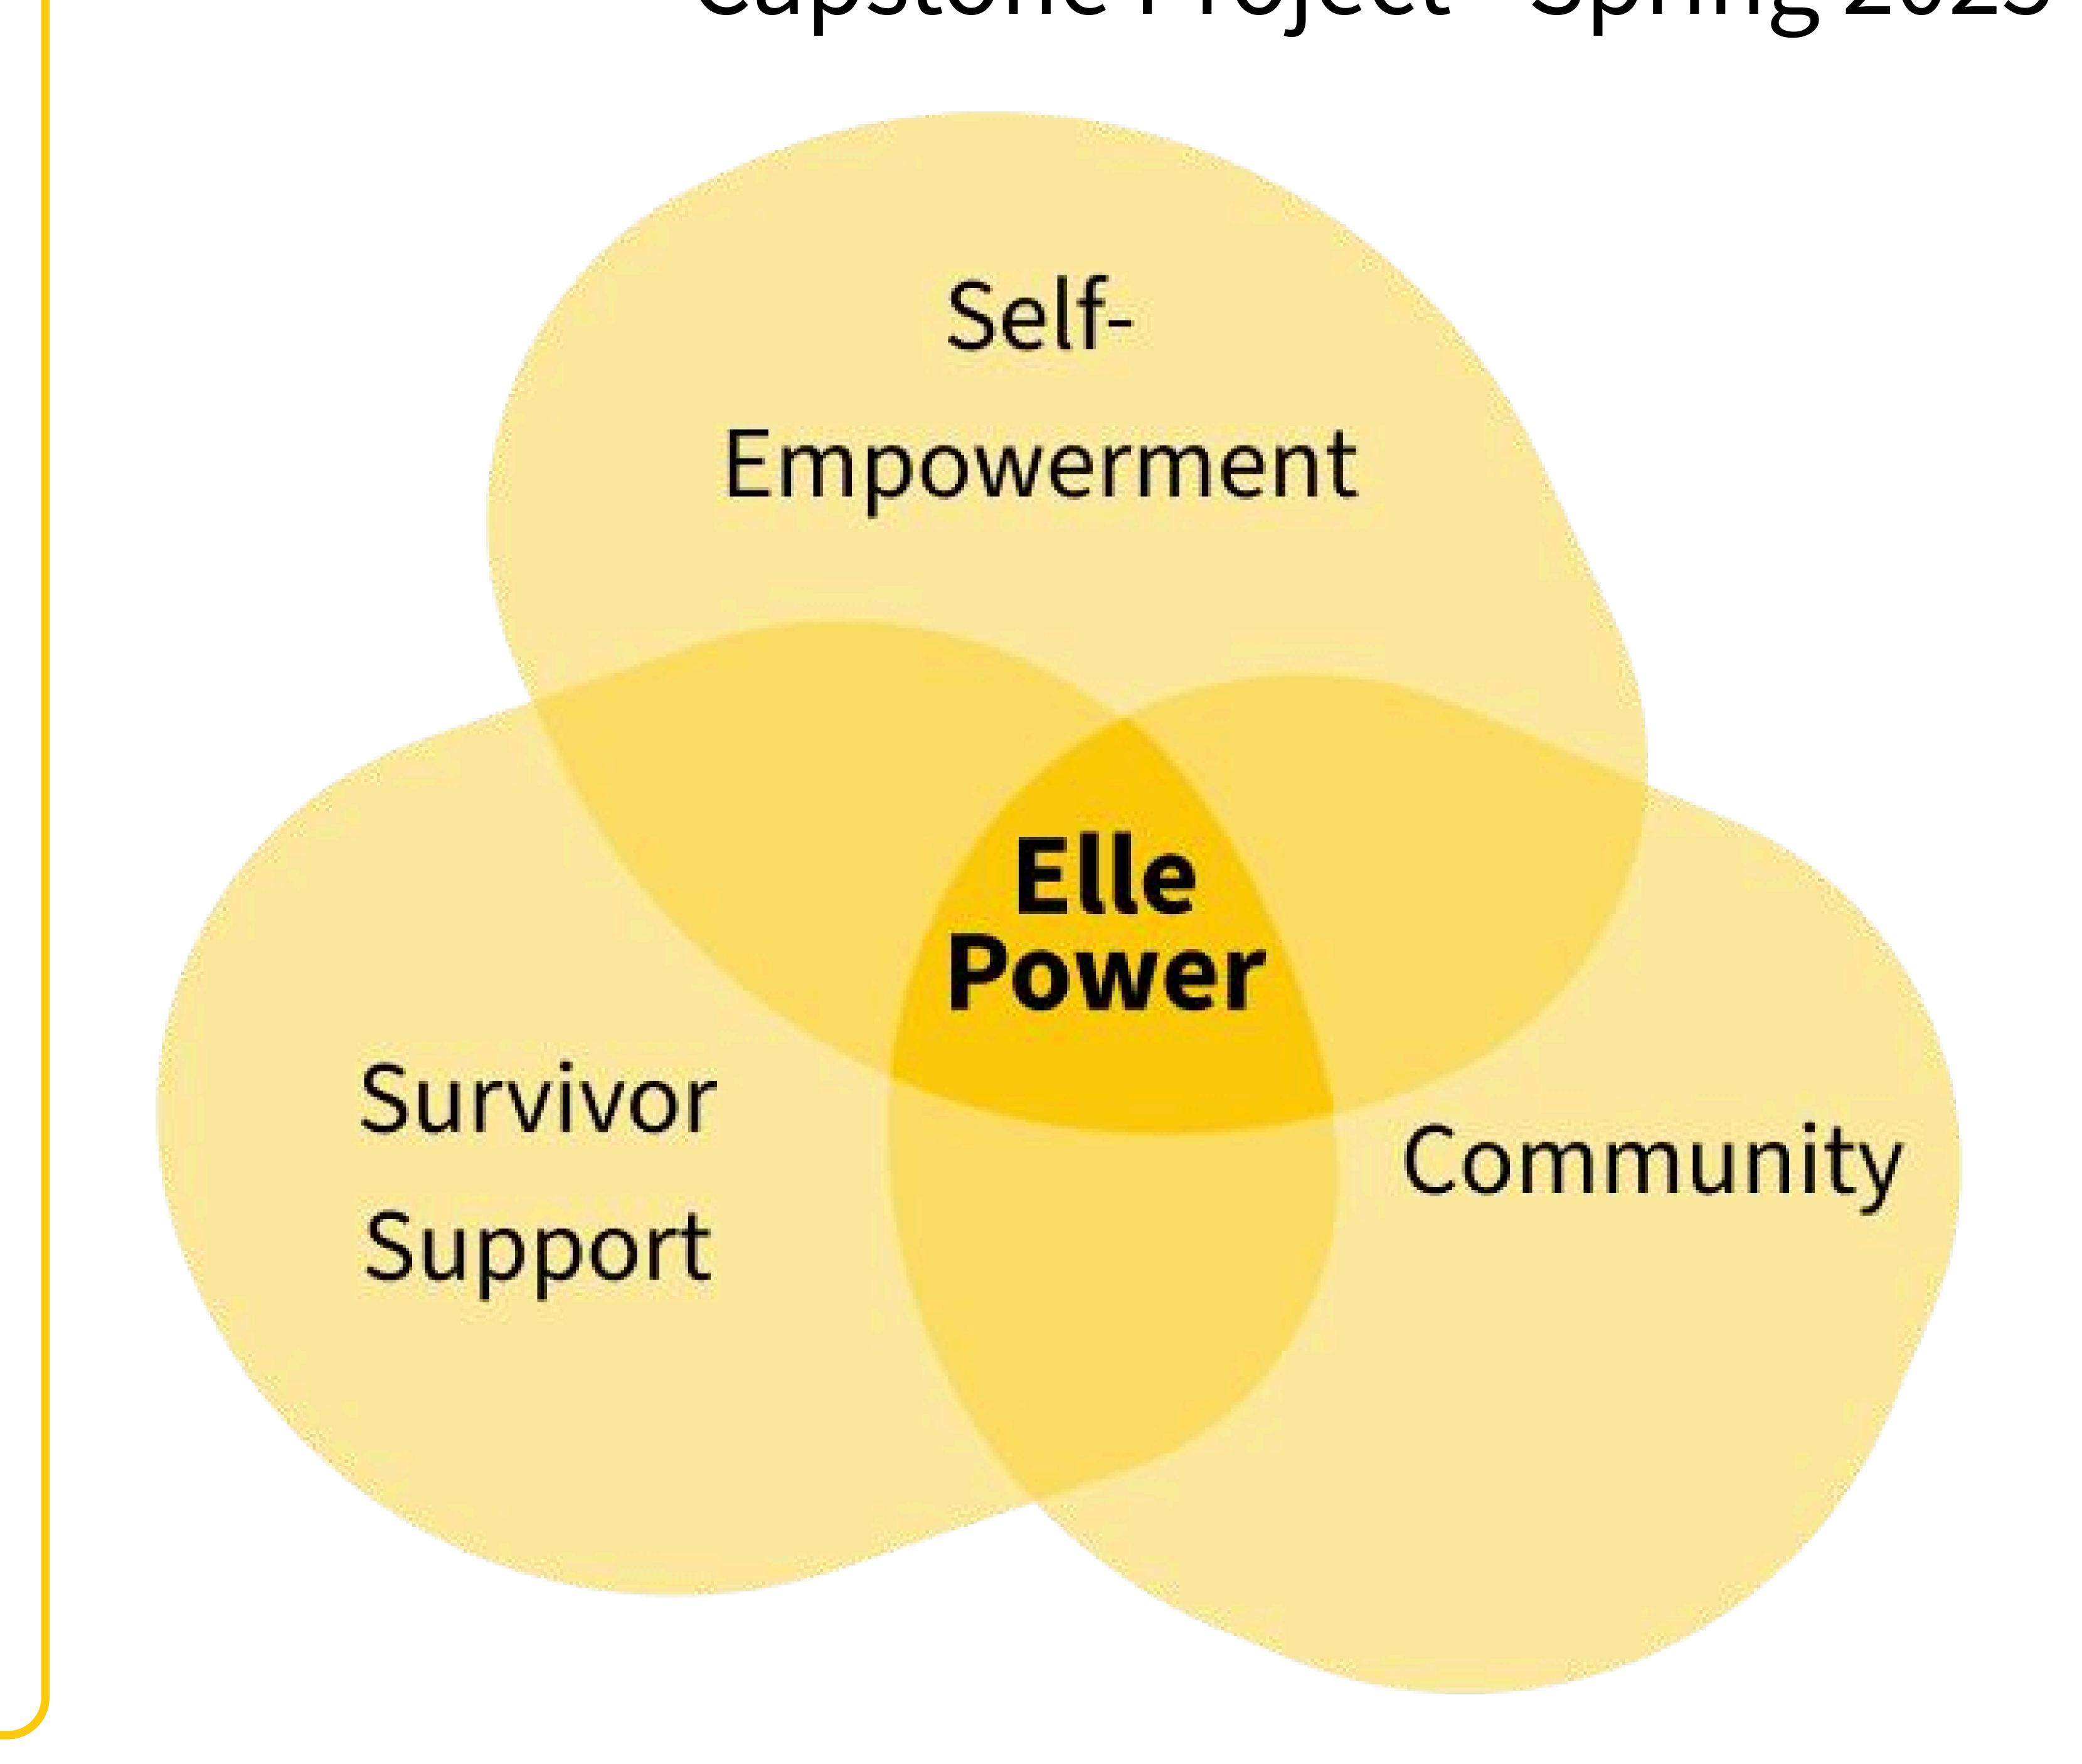

Edale Miguel

Academic Advisor: Eric Lloyd Client: Adri Lukács (EllePower) Capstone Project - Spring 2025

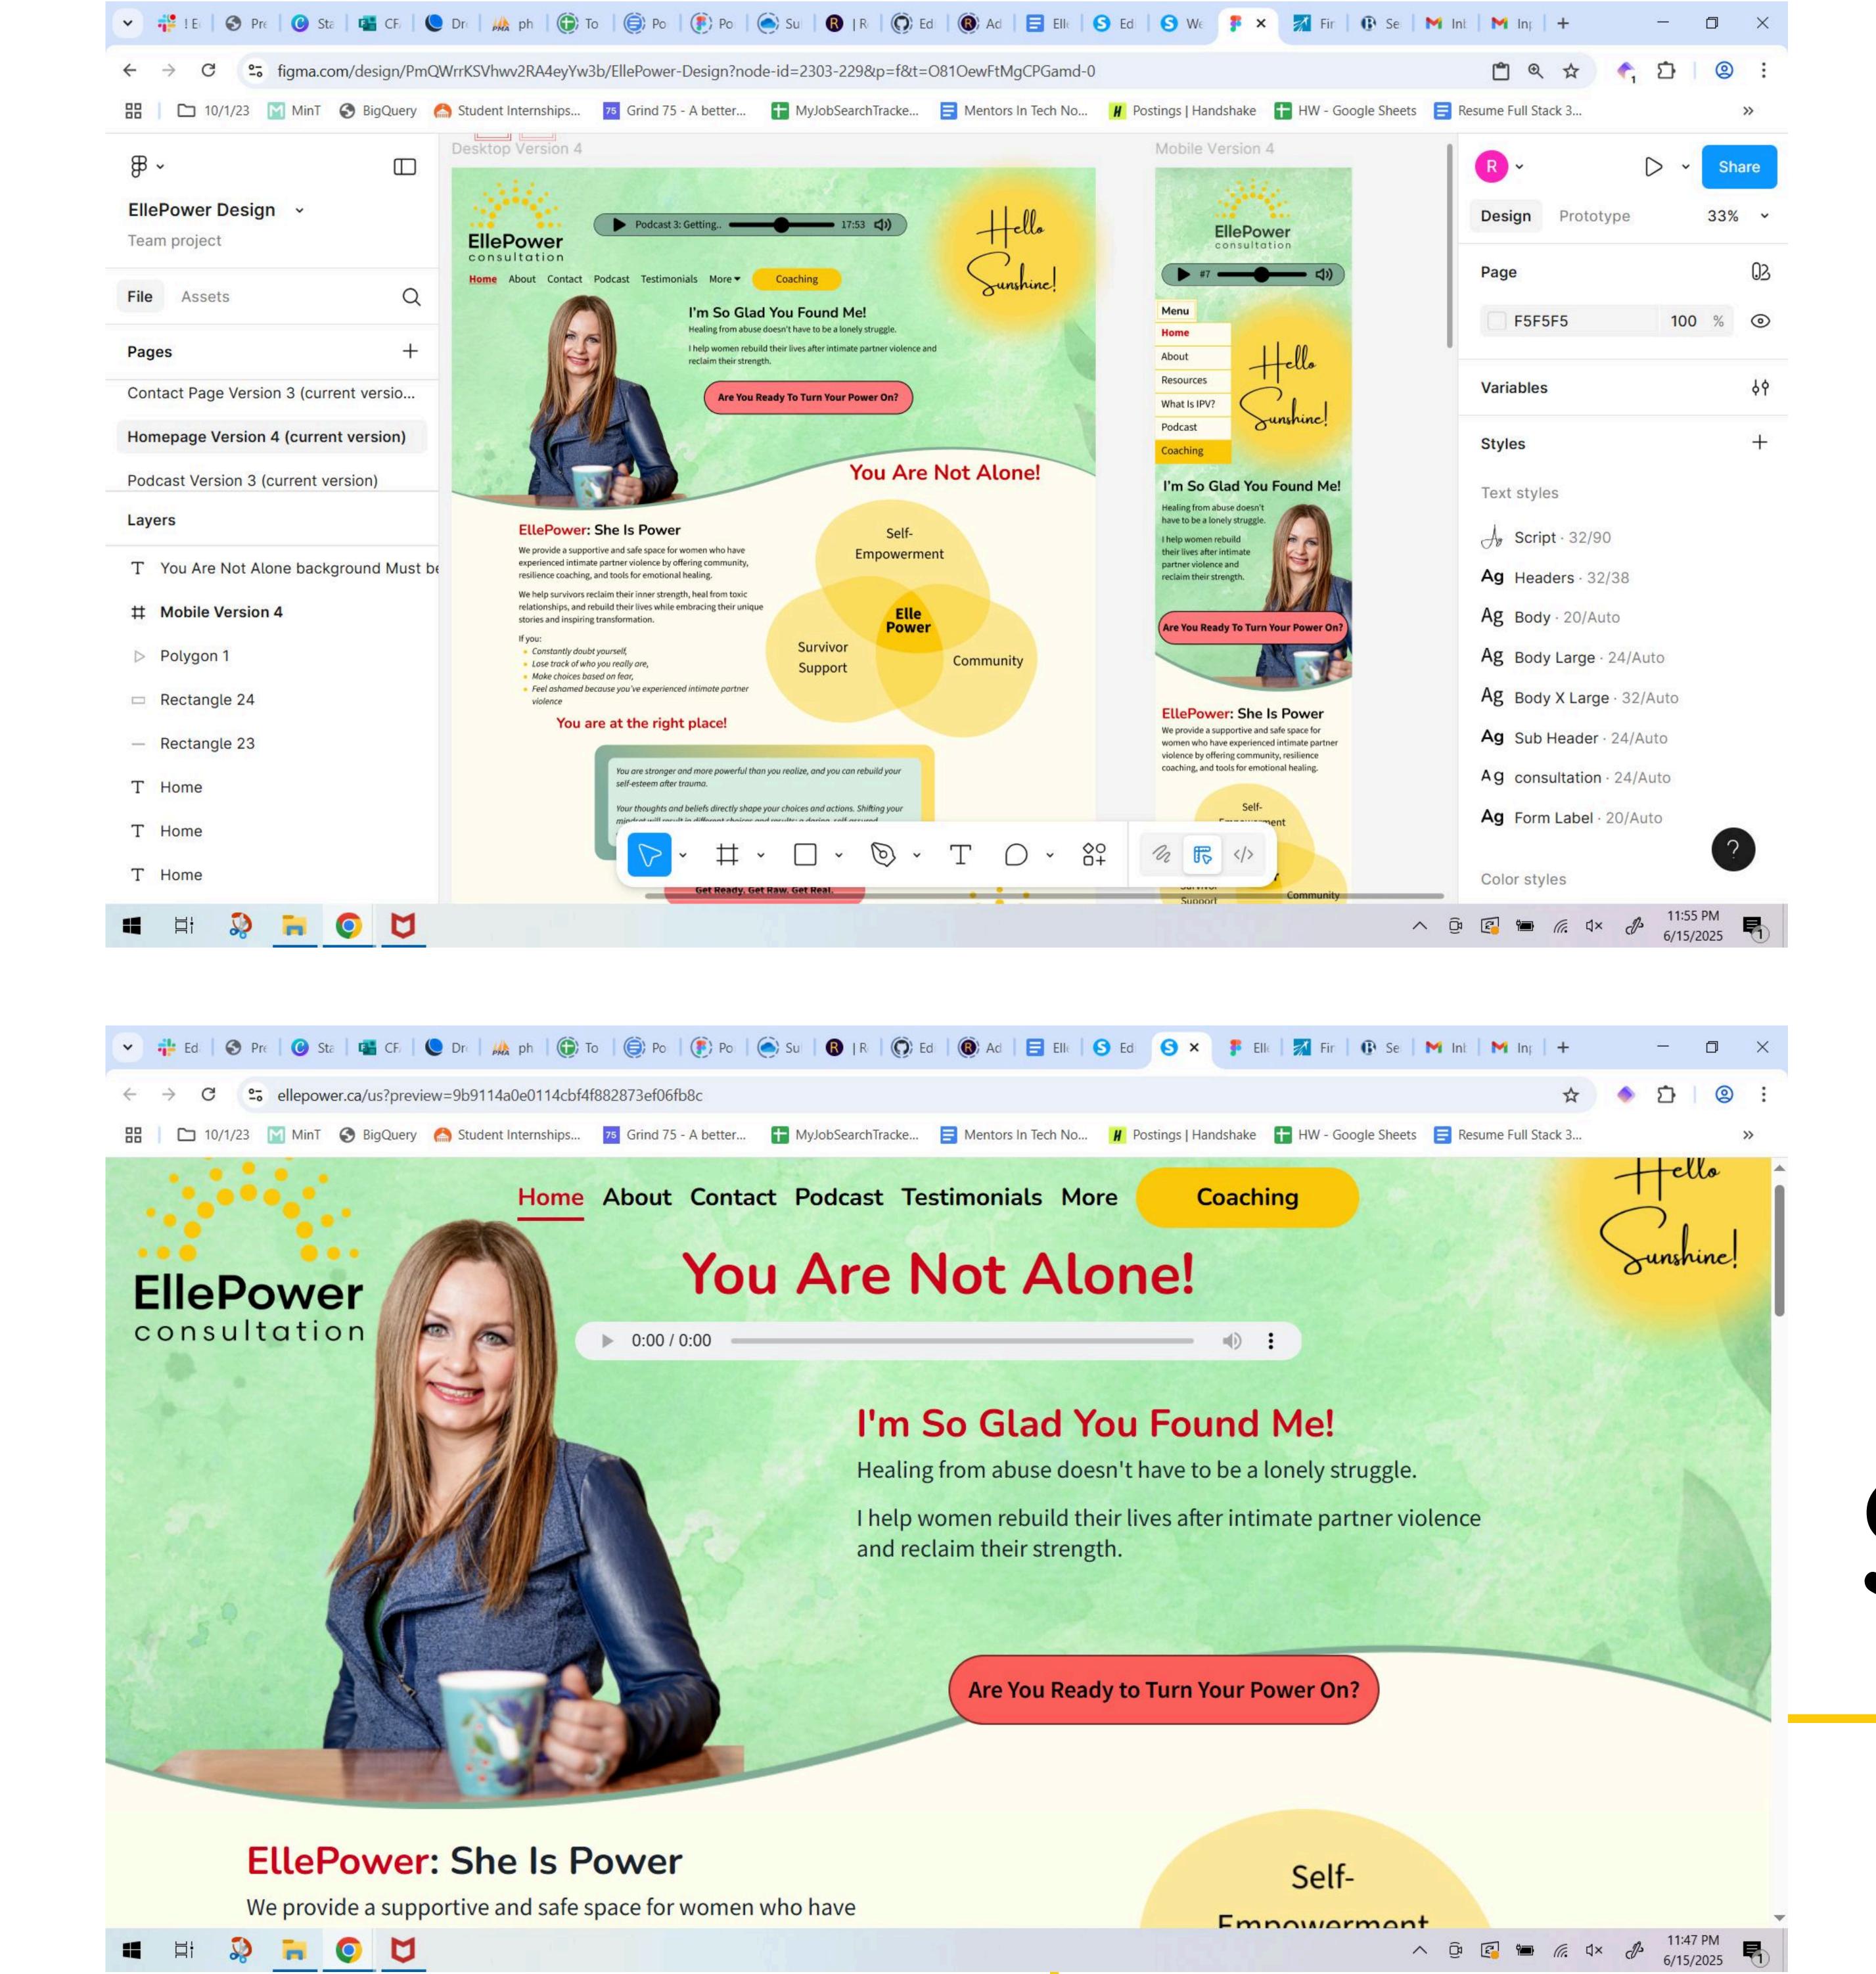

Our Mission

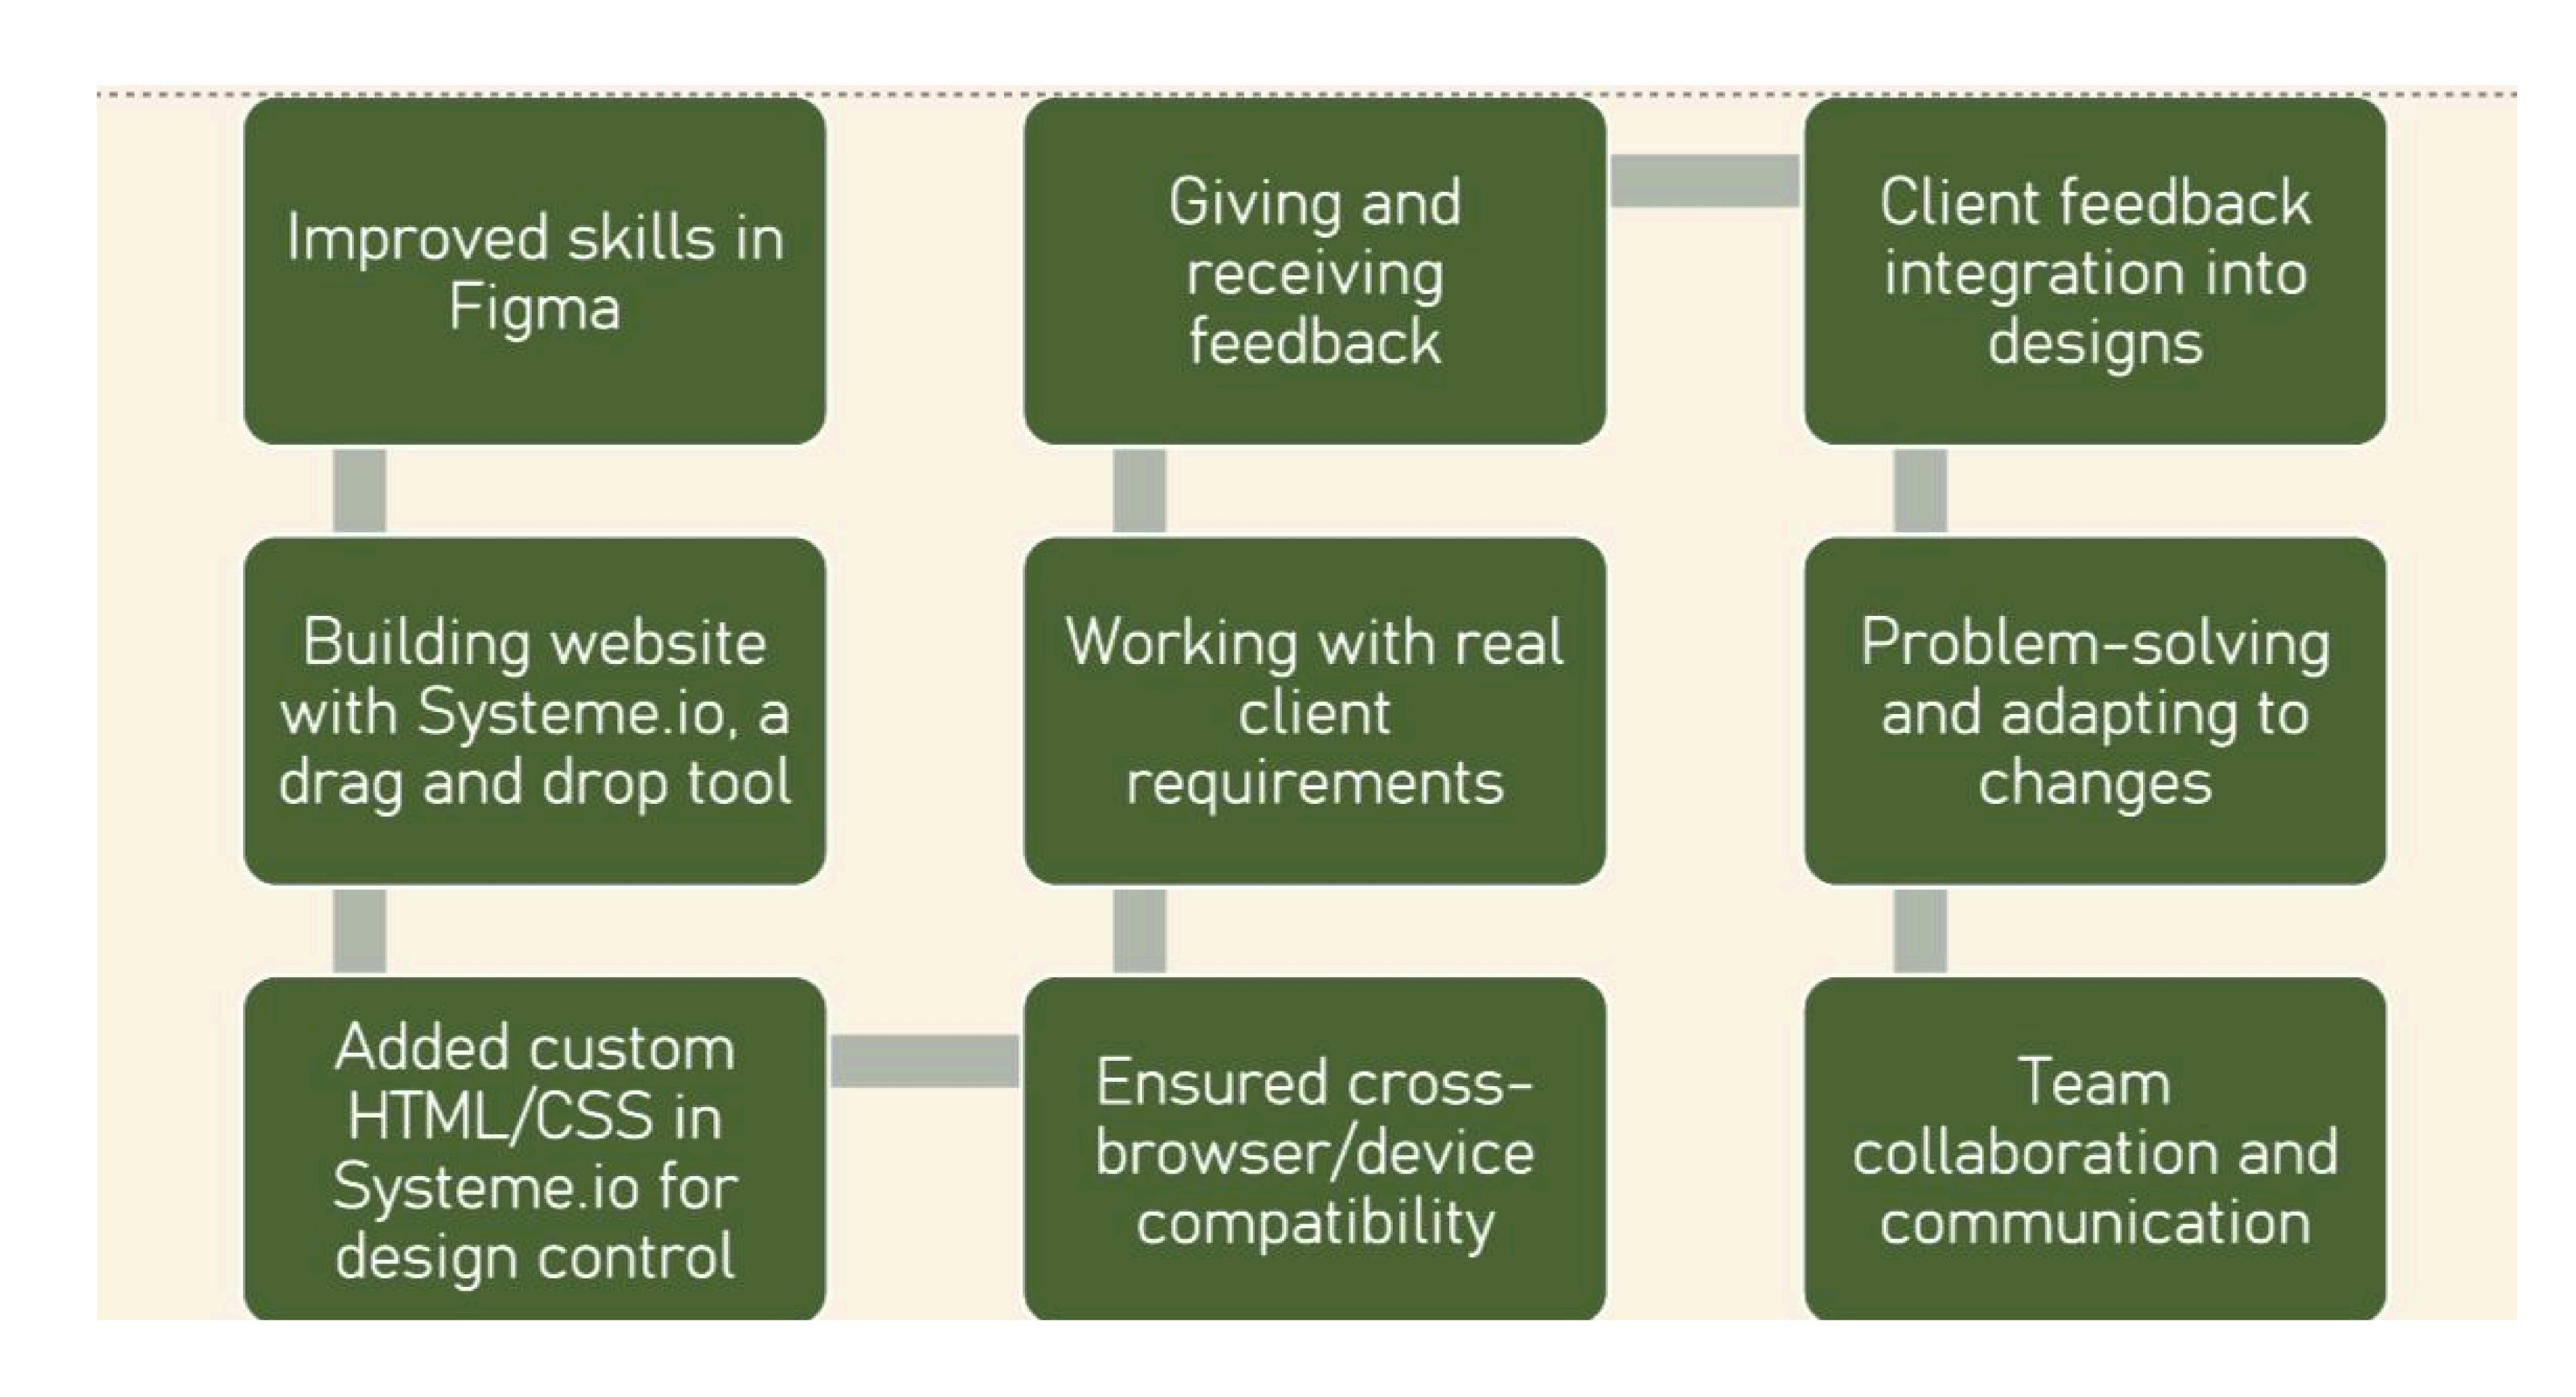

EllePower is a coaching business specializing in supporting survivors of intimate partner violence (IPV) and helping them heal and thrive. The owner, Adri Lukács, has expertise and compassion and is developing a podcast and personalized coaching services.

By developing a website, we are making EllePower's services and resources accessible to survivors, and helping the business to thrive alongside its clients. We will connect knowledge to purpose and technology to compassion.

Figma Design

Systeme.10 Implementation

Features

- Beautiful, responsive 8 page website that works on devices of any size
- Consistent with the client's brand colors, fonts, and visual themes including nature, watercolors, and sunshine
- Client can update their own content without understanding code
- Collaborative design process combining client preferences with best practices in web design and development, updated based on feedback
- All assets used are free for commercial use or developed exclusively for EllePower during the design process
